SUBJECT: SPAIN INTENDS TO CO-SPONSOR IAEA RESOLUTION ON
ANGARSK FUEL RESERVE

REF: SECSTATE 120282

11. (SBU) POLOFF on November 25 delivered REF demarche to Carlos Torres, Counselor for Nuclear Non-Proliferation and Disarmament within the MFA's DG for Strategic Affairs and Terrorism, who stated that Spain intends to co-sponsor Russia's resolution on the establishment of a nuclear fuel reserve at Angarsk, Russia. Torres said that the only thing that would prevent Spain from doing so would be if the EU decided to oppose it, but he did not foresee that happening.
